

Explore new destinations
the Cruise West Way
up-close, casual and personal.

At Cruise West, we do things differently. Say good-bye to large, impersonal ships with floorshows, dinner bells and formal wear. We've traded bow ties for blue jeans, and artificial entertainment for a chance to get up-close and personal with nature, with our Exploration Leaders and with other like-minded explorers. Your days will be spent outdoors – on deck, in an inflatable excursion craft, ashore or in the water, not just passing time but taking in the sights, smells, sounds and tastes of the world around you.

EXPLORE THE REAL ALASKA.

Only a small ship can give you the best of Alaska. Our ships bring you closer and show you more. We are one of the few cruise lines permitted to sail the pristine waters of Glacier Bay National Park, one of Alaska's most dramatic settings. And we offer more than twice as many visits as any other cruise line, by special permit from the National Park Service.

Let us take you where the large ships can't go – up secluded fjords and to exclusive ports of call. Join us for a rewarding and memorable voyage to this magnificent place.

Let us show you more. This is Cruise West. This is Alaska.

A JOURNEY OF DISCOVERY

From beautiful pristine rainforests and serene unspoiled islands to the matchless wonder of the Panama Canal, this is a voyage of breathtaking wonder and amazing contrasts.

Venture into the realms where the exotic wildlife open their hidden worlds to you... listen to the joyful songs of the tropical birds... recognize the remarkable effort that accomplished the impossible... and rest your spirit in our welcoming friendship.

Explore tiny islets that seem to be mere specks in the sea until you step ashore and discover the intricate life that thrives in their shelter. See a world you never knew existed.
